One of my clients asked me," sir, from 5years I am trying to do my daughter's marriage but will failing. We tensed about her marriage and predict me when will it happened." Immediately I said to him to choose the random number from 1 to 249. But he is so much tensed to select the number also. But no problem The KP astrology system gives the clue of Time chart. I erected the time chart immediately, the details given below.

DOJ:- 16.05.202 (Monday), TOJ:- 010.09.13 am, POJ:- Kurnool.

General KP Rule:

If the sublord of 7th CSL be the significator (in the star of the occupant or owner) of 2,7,11 marriage is promised. During the joint period of significator of 2,7,11 marriage is promised.

This is the rotated chart from Lagna to 5th house, the querent asking for her first daughter. Ok
Let us check the Moon (10-7,8) is in the star of Jupiter (3-4,12) and in the sub of Rahu (4). Rahu have no planets in its stars and CSL of 7-11. Rahu is posited in Aries sign and aspects of 3rd by Saturn acts as Mars (3-11) and Saturn (2-1,2,3). So, Moon signifies 1-**2(family)**-3-4-**7(Marriage Partner)**-8 (Fear and Tension)-10-**11(Fulfilment of desires)**-12 (Failures of the event). So, his desire about his daughter was genuine.

Let us check the 7th CSL Rahu (4) is in the star of Sun (4-9) and in the sub of Moon (10-7,8). Rahu had no stars in its planets signifying the sub of (7-11). Rahu is posited in Aries sign and aspects of 3rd by Saturn acts as Mars (3-11) and Saturn (2-1,2,3). So, the Rahu signifies 1-**2**-3-4-**7**-8-9-**11**-12. Thus,Rahu promised the event of marriage with the great difficulty of 1-8-12 houses.

Next, let us observe the 11th CSL Rahu, we already discussed it above. OK

Very Important Note: **Whenever Saturn has got any connection what -so-ever with Moon, there will be some obstacle or impediment, not only during negotiation but also at the time of fixation and even at the time of celebration of the marriage. This connection between Moon and Saturn causes delay, though ultimately both of them do much more good with a better partner. This is called as a PUNARPHOO-DOSHA.**

(Ref: Reader-4, page no.74 & 75.* Written by Great professor Sri. KSK Guruji*)

In this case study Moon aspects of 10th by the Saturn and Saturn is in the star of Moon.

Let us check the Ruling Planets:

Lagna sub lord: Jupiter
Lagna star lord: Mercury ®
Lagna sign lord: Venus
Moon sub & star lord: Saturn
Moon sign lord: Mars
Day lord: Moon

Note: Ketu is posited in Libra sign and represents Venus, so we including Ketu in Ruling Planets. And we removed Retrograde Mercury in Ruling Planets.
So, the final Ruling Planets are: Mo/Ma/Ju/Ve/Sa/Ra/Ke.

At the time of judgement Jupiter Dasa is running from 04.08.2008 to 04.08.2024 and coming as a RP.

Next, Bhukti lord Rahu is running from 11.03.2022 to 04.08.2024 and is our RP.

Next, Antara lord Jupiter is running from 21.07.2022 to 14.11.2022 and already we used Jupiter as a Dasa lord and that too Jupiter came once in RP's.
Next, Antara lord Saturn running from 14.11.2022 to 02.04.2023, due to Punarpoo Dosha we omitted Saturn Bhukti.
Next, Antara lord Mercury is not in direct motion, we are not including in RP's.
Next, Antara lord Ketu is running from 04.08.2023 24.09.2023 and appeared as a RP.

My Astrological Prediction: During the joint period of Ju-Ra-Ke, the native's daughter marriage will be done.

My ASTROLOGICAL PREDICTION Comes True: The querent informed me that his marriage celebration will be done on 19.09.2023.

MEDICAL TREATMENT

IUI

Intrauterine insemination (IUI) is a fertility treatment that gives sperm a better chance at fertilizing an egg. This treatment can improve pregnancy chances for some couples and individuals.

During intercourse, only a few hundred sperm reach the egg under ideal conditions. But with IUI, your doctor places millions of healthy sperm directly in the uterus, much closer to the egg.

IUI can benefit couples and individual females who wish to have a biological child.

IVF

In vitro fertilization (IVF) is a complex series of procedures used to help with fertility or prevent genetic problems and assist with the conception of a child.

During IVF, mature eggs are collected (retrieved) from ovaries and fertilized by sperm in a lab. Then the fertilized egg (embryo) or eggs (embryos) are transferred to a uterus. One full cycle of IVF takes about three weeks. Sometimes these steps are split into different parts and the process can take longer.

IVF is the most effective form of assisted reproductive technology. The procedure can be done using a couple's own eggs and sperm. Your chances of having a healthy baby using IVF depend on many factors, such as your age and the cause of infertility. In addition, IVF can be time-consuming, expensive and invasive..

TWO PHASES OF EVENT OF PROGENY

Two phases of Event Conception and Delivery are having fixed gestation period of approximately 9 months..We can not expect both the events to take place in best Favorable period because within the time interval many sub periods would cross and new bhukthi or even dasa would run at the time of delivery..At the time of conception if the periods are signifying unfavorable houses there will be troubles and problems in conception..When the conception happens in unfavorable period to 5 th house,the growth of the child will not be good..When the delivery happens in the unfavorable period to 5 th house ,the child will face problem in delivery and also in health condition..

TIMING FOR IVF PERIOD SUGGESTED

The Father told that they are thinking of going in for IVF..Jupiter dasa Moon bhukthi is running at present..Mars bhukthi period is good for medical treatment for progeny..

The Anthara periods favourable are as follows..

Jupiter/Mars/Mars..08.10.2024 to 28.10.2024

Jupiter/Mars/Rahu.17.08.2024 to 29.10.2024.

Jupiter/Mars/Sun..31.07.2025 to 17.08.2025

Jupiter/Mars/Moon..17.08.2025 to 14.09.2025

Mars and Rahu anthara can be utilized for IVF treatment and after gestation period the delivery may fall in Sun,Moon anthara period..Husband chart study is also carried out to confirm the support for conception..

CONCLUSION..

Timing for IVF period is suggested during Jupiter/Mars/Mars and Rahu ..08.10.2024 to 29.10.2024..

Heart attack and Astrology

Dr. N. Gopinath

Bangalore.

Mob: 98867 98194

Heart attack is now a common disease and Astrology is only able to predicts who will suffer from heart attack or not in future. Heart attack take out lives too, frequently it happens if the flow of oxygen-rich blood to a section of heart muscle suddenly becomes blocked and the heart can't get oxygen. Most heart attacks occur as a result of coronary heart disease.

A less common cause of heart attack is a severe spasm (tightening) of a coronary artery. The spasm cuts off blood flow through the artery. Spasms can occur in coronary arteries that aren't affected by atherosclerosis.

There are many Astrological factors become present in the horoscope.Astrologer find out this yoga and after that he predicts who will suffer from heart attack in future or not but my efforts is that everyone know about heart disease through this articlewithout the help of any Astrologer. So that please takes your horoscope in hands and find out yoga according to this article. I want to awareness about heart disease by this article.

Heart Attack

You may experience a heart attack, clinically called a myocardial infarction, when the flow of blood to your heart is completely or near-completely blocked.

Blockage typically occurs when you have a build-up of cholesterol, fat and other substances in the arteries surrounding your heart.

These plaques can sometimes become unstable, suddenly blocking blood flow to the heart muscle. Once the flow of blood is interrupted, you can be left with a damaged heart or parts of the heart muscle destroyed. A heart attack can be fatal too.

According to the cardiovascular doctors at American Heart Foundation, someone in the United States has a heart attack approximately every 34 seconds. And every 60 seconds, someone in the U.S. dies from a heart-related condition. Close to 720,000 people have a heart attack in the country every year. And of those, 515,000 happen for the first time.

Signs of a heart attack can include:

• Breaking out in a cold sweat
• Pain and tightness in your chest that feels like something is squeezing you hard
• Chest pain that radiates down your arm or in your neck
• Sudden dizziness or feeling lightheaded
• Unexplained onset of fatigue
• Abdominal discomfort in the form of nausea, heartburn or indigestion

Risk Factors Vary Too

Just as not all heart attacks look alike, so the risk factors that lead to heart attacks vary in origin as well.

The blocked arteries are the cause of the event, but it's the various conditions left untreated that lead to the eventuality of an emergency heart attack.

Heart attack risk factors:

• Smoking, a very high risk factor. Inhaling second-hand smoke counts just as much.
• Age, especially women over the age of 55 and men older than 45. If you fall into these categories, you're more likely to have a heart attack than younger people.
• Diabetes, which is so highly associated with coronary artery disease most diabetics are assumed to also have CAD
• High blood pressure. The damage of a constant force pumping through your blood vessels leads to atherosclerosis. When combined with obesity, high blood pressure puts your risk factors higher.
• High cholesterol, which damages your arteries by clogging up the walls and hampering the easy flow of blood to your heart.
• Stress – for many, this is one risk factor that is difficult to control
• Inactivity, because when your heart isn't accustomed to pumping hard, it becomes weak.
• Family history. If your siblings, grandparents or parents have had an early heart attack, it makes you susceptible to the same.

Heart Attack Prevention as Cure

Treatment options offered by your local NYC cardiologist or cardiovascular specialist have improved greatly over the past decade, and many people live long, healthy lives following a heart attack. But part of a healthy cardiac treatment plan includes medication and lifestyle changes to reduce the plaque buildup and strengthen your entire cardiovascular system.

In fact, studies show that anywhere from a half to 80 percent of all heart-related events like heart attacks can be avoided through lifestyle changes. The drill doesn't change much when it comes to your overall health and reducing your risk of cardiovascular disease and heart attack.

The most prevalent and desirable changes that greatly lower your risk of having a heart attack include:

• Stopping cigarette smoking
• Losing weight
• Making healthier nutritional choices that includes fresh fruit and vegetables, whole grains and fewer saturated fats
• Exercising regularly
• Maintaining a healthy blood pressure
• Lowering your cholesterol levels
• Managing stress

Know the warning signs, as well as your risk levels, for a heart attack so that you can take precautions.

For example, if your father, several aunts and uncles and one or more grandparent died of a heart attack, your risk factors are greatly increased. Healthy lifestyle choices and regular checkups are vital for you. Additionally, your local heart doctor or cardiologist New York Dr. Ghalchi may prescribe some medications used to prevent heart attacks. Follow the directions and continue with regular cardio follow-ups, and your prognosis will be excellent.

May I have a chance of Admission in my Desired ...?

M. Ramalingeswara Prasad,

KP Astrologer,Cell: 08309234634,

Email: adrushtayoga@gmail.com

Facebook:www.facebook.com/adrushtayoga

Youtube: https://youtube.com/@ThirdEye_Astro

One of my clients asked me," sir, I am very much interested to admit my desired engineering college (in India) in hostel. But my parents want day scholar only and iam not concentrate on studies while in home. Which one I get admission? The result announced to be on 17.08.2023. Immediately I asked her to choose one random number from 1 to 249, she selected 88 (out of 249). The details of chart given below.

Horary Number: 88, DOJ:- 19.07.2023 (Wednesday), TOJ:- 09.37.00 am, POJ:- Kurnool.

GENERAL KP RULE:

If the cuspal sub lord of the significator of 4th be the significator of 6th (Competitions) 4 (education, preparations for examinations, academic qualifications, regular attendance in school or college)-9 (deep study or higher education)-11 (success), the native will get academic qualifications during the joint period of the significators of 4-9-11.

Let us examine the for her genuineness of the query. Moon (12-12) is in the star of Mercury (12-2,11). Moon has no planets in her stars and CSL of 9-11. So, the Moon signifies 2-9(Higher Education)-11(Fulfilment of desire)-12 (Away from home). Thus, the querent is genuine of her desire.

Let us check 4th CSL Mercury (12-2,11) is in the star of its own and in the sub of Venus (12-3,10). Mercury is deemed to relate to the cusps of 4-6-10. Venus is aspects of 5th by Jupiter (9-5,8) and 7th by Saturn (7-6,7). Rahu (9) is conjoined with Jupiter and acts as a Mars (1-4,9) due to position of sitting in Aries sign. Saturn have no planets in its stars and CSL of 2-8-12. So, the 4th CSL Mercury signifying 1-2-3-4-5-6-7-8-9-10-11-12. Thus, Mercury promising the admission with great difficulty of 3-8-10-12 houses.

Let us verify the dream fulfil 11th CSL Moon, we already discussed it above.

Let us check the Ruling Planets follows:-

Lagna sub lord: Sun
Lagna star lord: Saturn®
Lagna sign lord: Mars
Moon sub lord: Venus
Moon star lord: Mercury
Moon sign lord: Moon
Day lord: Mercury
Note: Rahu and Ketu are including as a Ruling Planet due to posited in Aries and Libra sign. And omitted Saturn due to Retrogression.

So, final Ruling Planets are **Mercury/Sun/Mars/Venus/Moon/Rahu and Ketu.**

At the time of result announcement on 17.08.2023, **Mercury Dasa-Mercury Bhukti-Ketu Antra-Mercury Sookshma-Saturn Prana** is running.

Dasa, Bhukti and Sookshma lord Mercury is 4th CSL and we already discussed it above.
Next, Antra lord Ketu (3) is in the star of Mars (1-**4,9**) and in the sub of Moon (12-**9-11**). So, Ketu promising the admission due to 4-9-11, but not hostel campus.

Astrological Prediction: I boldly say to the querent that she gets admission into the college, but in day scholar not in hostel campus.

My Astrological Prediction: She called me on 17.08.2023 evening with tears that she got the college admission and not in hostel. I said that girl don't worry about hostel or day scholar, she had a bright future of higher education due to 4-6-9-11 and abroad chances will be there in future.

I humble Request to parents, now a days girl child creating wonders in education and research side, pls encourage them.

GENERAL KP RULE FOR TWIN BIRTH:

If the cuspal sublord of 5th cusp (female) or the 11th cusp (male) be the significator (in the star of the occupant or owner) of 2 (increase in family), 5 (conception, child) or 11 (5th from 7) or connected with 2, 5or 11, child birth is promised.

And

If 5th Cuspal Sub lord connected with dual natured planets Jupiter or Mercury twins is promised.

OR

If 5th Cuspal Sub lord connected or posited in dual signs Gemini, Virgo, Sagittarius, and Pisces also promised for twins or more than one child in a single delivery.

Sun, Mars, and Jupiter are male planets and Moon, Venus & Rahu are female planets. Mercury and Ketu are neuter gender. Odd number sign indicates male and even number sign indicates female. However, it is most difficult to predict child gender.

Let us examine the chart of the parent (Father) who have male twins.

Here, the native was male and the twins are his 3rd progeny. So, we must analyze the 3rd cuspal sub lord for progeny (11th cusp is first child for male, 11th to 3rd is 1st is second child and 1st to 3rd is 3rd third child for Male). In this natal chart Dual planet Jupiter was the 3rd cuspal sub lord.

Let us check the 3rd cuspal sub lord Jupiter (5-1,4) is in the star of Sun (12-9) and in the sub of Mars (12-5,12). Jupiter had no stars in its planets and CSL of 3 and 9. Jupiter is conjoined with Ketu (4) and Ketu represents Mars (12-5,12) due to posited in Aries sign. Jupiter is aspects of 9th to Sun and Dual planet Mercury (1-7,10). Jupiter is also aspects of 10th by Saturn (8-2,3). Saturn's 7th aspects to Venus (2-6,11) are shown in this birth chart.

Important Note: If the sub lord of the two cusps (more than one) are the same then they are deemed to be connected. (Ref: KP YEAR BOOK-2007-Page No.18). Here, Saturn is deemed to relate to the cusps of 5-11 and Venus 7-12 cusps. So, 3rd CSL Jupiter signifies 1-2-3-4-5-6-7-8-9-10-11-12. So, Jupiter promised the 3rd progeny to the native.

Twin birth Probability:

1). In this birth chart, the native's 3rd cuspal sub lord was Jupiter and the Jupiter was Dual planet.
2). Jupiter signifies 2-5-11 signification.
3). Jupiter's sub lord Mars is posited in Fruitful sign Sagittarius.
4). Jupiter is Male planet; its star lord Sun is Male planet and its sub lord Mars is also Male planet. So, maximum planets are in Male compatibility, so the twins are male.

The twins are born on 22.06.2006 Mercury Dasa-Saturn (Bhukti/Antra/Sookshma)-Venus Praana.

Note: At the time of birth also Dual Planet Mercury is inter connecting with Dasa directly and B/A/S indirectly (Saturn's star lord also Mercury) …….to be continued

26 If Mars is present in sixth house in Cancer or Capricorn zodiac sign, probability of breast cancer is high.
27 if sixth house lord is a malefic planet and lagna lord is posited in eighth house or tenth house, then chances of cancer is high.
Among these Ra is connected with I then its indication of brain cancer and Su is afflicted in I then also cancer indication.

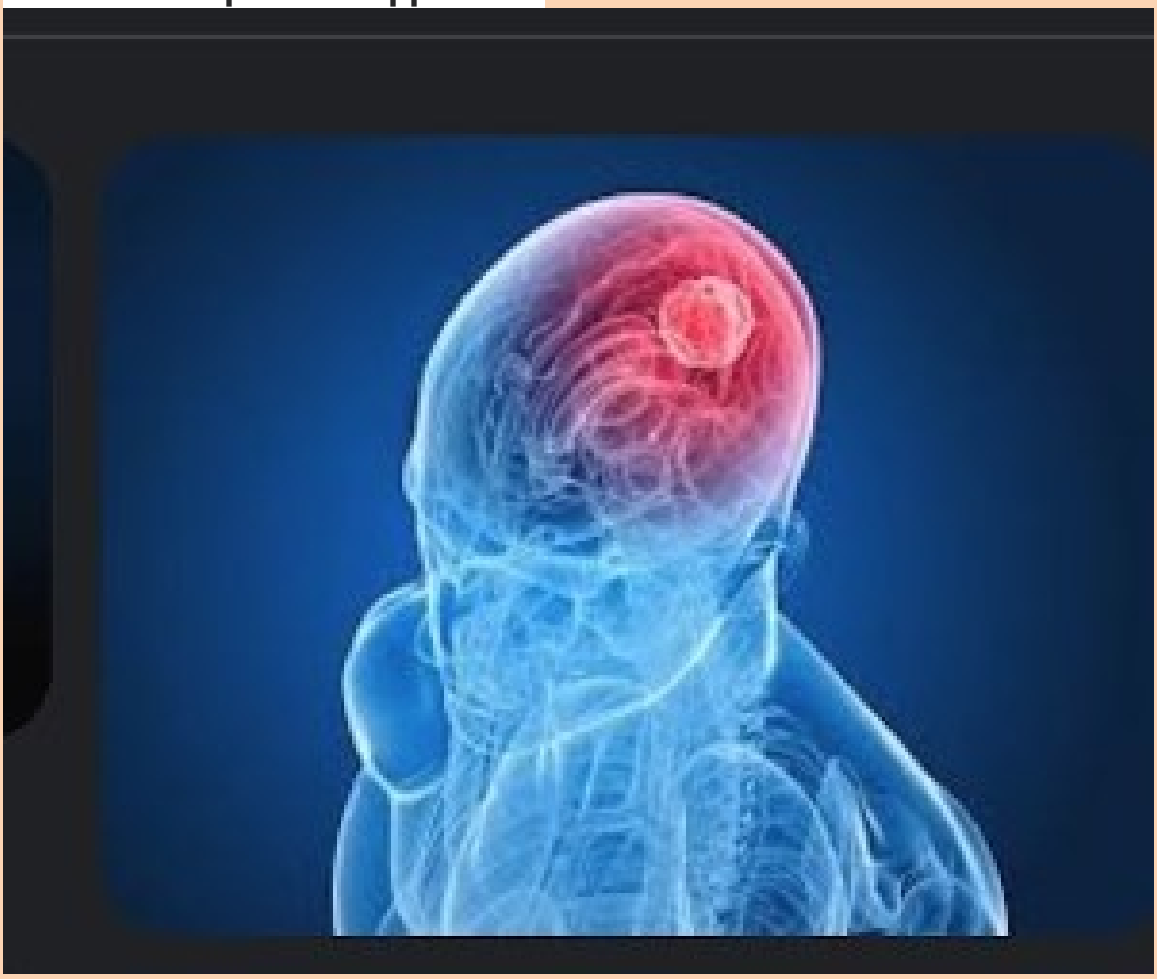
Here Mo sub = Asc. sub =Ra. Hence modified birth time is treated as correct birth time.

Brain cancer photo is appended.



I,VI,VIII,XII houses must connect in any manner.

I: Sag 19°46’16” : Ju- Ve- Ra- Su

VI: Ta 26°06’31: Ve- Ma- Ra- Ma

VIII:Can 26°07’30”: Mo- Me- Ju- Ju

All houses have connection with each other as

I sub = Ra = VI sub = XII sub,

Ra: Can 29°44’21”: Mo- Me- Sa- Me,

Ra is related to VIII through its star lord Me and also related to XII also. So all the houses are related with each other.

Asc lord is hemmed between Ra and Ma + Sa, these are not good for health. Hence the native have this brain cancer in 2018.

Timing of this can be estimated through RP’s and significaters of the houses with Dasa-bhukti- anatara ec.

This case belongs to identical twin brothers, born with 3 minutes of birth-time difference on 22.06.2006 at 07.56 pm and 07:59 pm in Dhone, Kurnool Dist, Andhra Pradesh, India. Both the twins are same in white colored, soft in behavior and good at education. At the time of analysis (10.12.2022).

Let us check the Ascendant sub lord is "Saturn" of both. Now, in modern Researchers of KP Astrology are invented a new technique i.e., If the sub lords are same, then we should forward with the sub-sub lord of the cusps. Because both the sub-sub lords are not coming same.

Let us check the Ascendant sub-sub lord of the chart A is Mars. Mars (1-5,10) is in the star and sub of Mercury (12-3,12). Mars is untenanted and the CSL of 9. Mars is aspects of 4th to Jupiter (4-6,9) is appeared in this Natal chart. Jupiter's 9th aspects to Sun (12-2) are visible in this birth chart. So, 1st CSL Mars signifies 1-2-3-4-5-6-9-10-12.

And

Ascendant sub-sub lord of the chart B is Jupiter. Jupiter (4-6,9) is in the star of Rahu (9) and in the sub of Venus (10-4,11). Jupiter's 9th aspects to Sun (12-2) are visible in this birth chart. Mars (1-5,10) is aspects of 4th to Jupiter is there in this chart. So, 1st CSL Jupiter signifies 1-2-4-5-6-9-10-11-12.

Comparatively the two persons are slim and handsome due to signification of 1-5 with Moon connection. The duo is good health of 1-5-9 with low resistance, sick and thin of 4-6-12 as their mother and good height 1-9 of their father. Good natured persons with soft natured with the connection of Jupiter and signification of 1-5-9. The two people are liked each other with affectionate and friendly with the signification of A's 3-1(3 is brother and 3rd to 11 is 1st) B's 11-9 (11 is younger brother and 11th to 11 is 9th). This two-guy liked and respected their parents and higher education indicates due to signification of 4-6-9.

Let us observe of their higher education of chart A. 9th Cuspal Sub Lord of chart A is Mars, already we discussed it above @ ASC Sub Lord of chart A. So, Mars signifies good in Education with competition exams also because of 4-6-9 and chart A boy taken MPC in intermediate due to Mercury, Mars combination. Mars and Mercury give Engineering/Building and Construction field/Administrative Dept in Engineering/ etc.,

And

Let us observe of their education of chart B. 9th Cuspal Sub Lord Rahu (9) is in the star of Saturn (1-7,8) and in the sub of Mercury (12-3,12). Rahu is posited in Pisces sign and represents Jupiter (4-6,9). Jupiter is aspects of 9th to Sun (12-2) and aspected of 4th by Mars (1-5,10). Mars has no stars in his planets and the CSL of 9. Saturn aspects of 10th to Moon (10-1) is visible in this chart. Moon is untenanted and CSL of 12. So, Rahu signifying 1-2-3-4-5-6-7-8-9-10-12. So, Mars signifies good in Education with competition exams also because of 4-6-9 and chart B boy taken MPC in intermediate due to Mercury, Mars combination. Mars and Mercury give Engineering/Building and Construction field/Administrative Dept Head in Engineering/ etc., But here Rahu is additional advantage for B chart fellow to went abroad for the job and branch change is also indicated. Both are eligible for job in abroad of signification 3-9-12 and 6-10.

At the time of analysis these two were studying IIT based Intermediate MPC. Moon Dasa and Jupiter Bhukti is running from 27.12.2021 to 28.04.2023.

Let us verify the Ascendant sub lord of chart A is Venus. Venus (12-4,11) is in the star of Saturn (12-7,8) and in the sub of Moon (10-1). Venus has no stars in her planets and CSL of 1-5-8-11. Saturn's 3rd aspects to Jupiter (2-6,9) and Ketu (3). Ketu is posited in Virgo sign and represents Mercury (12-3,12). Jupiter is untenanted and CSL of 6-12. Jupiter and Ketu are also aspects of 7th by Mars (9-5,10). Mars is conjoined with the Node Rahu (9). So, 1st CSL Venus signifies
1-2-3-4-5-6-7-8-9-10-11-12.
Her, longevity was **medium** (about 66yrs) due to signification of 1-5-9 and 6-8-12 with 2-7-11 houses. The native's resistance is low and ill health due to 6-8-12 houses.

Let us check 6th CSL Jupiter (2-6,9) is in the star of Moon (10-1) and in the sub of Saturn (12-7,8). Jupiter is conjoined with Ketu (3). Ketu is posited in Virgo sign and represents Mercury (12-3,12). Jupiter and Ketu are aspects of 7th by Mars (9-5,10). Rahu (9) is conjoined with Mars. Mars is aspects of 4th to Sun (11-2). So, Jupiter signifies 1-2-3-5-6-7-8-9-10-11-12. Thus, Jupiter indicates very danger of health to the native due to 6-8-12 houses. Jupiter is interconnected with Moon, Mercury, Saturn, and Mars planets related to mental problem and it is going on life long. If the 6th cuspal sub lord significator of 6 and 12 goes to be incurable ailment but temporarily relief comes of 1-5-9 signification planet DASA's. Jupiter has no stars in its planets and CSL of 6 and 12. 3rd house denotes mental house and 9th house indicates higher level mind. Let us examine the 9th CSL Mercury (12-3,12) is in the star of Saturn (12-7,8) and in the sub of Mars (9-5,10). Rahu is conjoined with Mars (9-5,10). Mars aspects of 7th to Jupiter (2-6,9) and Ketu (3). Jupiter has no stars in its planets and CSL of 6 and 12. Ketu is posited in Virgo sign and represents Mercury (12-3,12). Saturn's (12-7,8) 3rd aspects to Jupiter and Ketu is there in this natal chart. Mars is aspects of 4th to Sun (11-2). So, Rahu indicates 2-3-5-6-7-8-9-10-12.

Let us check of chart B.

Ascendant sub lord is Venus, which is same as chart A. So, we take sub-sub lord Saturn. Saturn (12-7,8) is in the star and sub of its own. Saturn's 3rd aspects to Ketu (3) and Jupiter (2-6,9). Ketu is posited in Virgo sign and represents Mercury (12-3,12). Mars (9-5,10) is aspects of 7th to Jupiter and Ketu. Mars is conjoined with Rahu (9). Mars is aspects of 4th to Sun (11-2).
